

Holmbury Inc.

Attention Valued Customers,

Proposition-65, officially known as the Safe Drinking Water and Toxic Enforcement Act of 1986, was enacted in the state of California as a ballot initiative in November 1986. The proposition protects the state's drinking water sources from being contaminated with chemicals known to cause cancer, birth defects or other reproductive harm, and requires businesses to inform Californians about exposures to such chemicals.

Proposition-65 requires the state to maintain and update a list of chemicals known to the state to cause cancer or reproductive toxicity

Businesses are required to provide a "clear and reasonable" warning (link is external) before knowingly and intentionally exposing anyone to a listed chemical, unless the business can show that the anticipated exposure level will not pose a significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

This warning can be given in several ways, such as by labeling a consumer product, posting signs at the workplace, distributing notices at a rental housing complex, or publishing notices in a newspaper. The requirement to provide warnings takes effect one year after a chemical is added to the list.

Proposition-65 also prohibits companies that do business within California from knowingly discharging listed chemicals into sources of drinking water. Once a chemical is listed, businesses have 20 months to comply with the discharge prohibition.

Holmbury, Inc. is in compliance with the new updates to Proposition-65 in California that has gone into effect as of August 30, 2018.

Holmbury, Inc. has posted the Proposition-65 warning on the Holmbury USA website as follows:

The screenshot shows the Holmbury Inc. website with a warning banner at the top. The banner reads: "Warning: This product can expose you to chemicals including lead and/or nickel which are known to the state of California to cause cancer and birth defects or other reproductive harm. For more information go to: www.P65Warnings.ca.gov". Below the banner is a Twitter feed post from Holmbury Hydraulics (@holmburygroup) dated Sep 4, 2018, mentioning a charity bike ride. The main content area features two product catalog thumbnails: "Full Product Catalog" and "Product Overview", both for "Hydraulic Couplers and Valves". The right sidebar contains social media links, contact information for Curtis Centre (33801 Curtis Blvd., Suite 104, Eastlake, OH 44095), and company information links.

In addition to the website, every box being shipped with Holmbury, Inc. product will have a Proposition-65 warning label clearly visible on the outside of each box, which will read the following:

Warning:

This product can expose you to chemicals including lead and/or nickel which are known to the state of California to cause cancer and birth defects or other reproductive harm. For more information go to: www.P65Warnings.ca.gov

Also, Proposition-65 is posted in multiple areas in the warehouse shipping department.

Additional information on Proposition-65 can be found on the OEHHA website at www.P65Warnings.ca.gov

If any questions pertaining Holmbury, Inc.'s compliance to Proposition-65, do not hesitate to contact the Quality Assurance department.

Sincerely,

Corey Schaad
